CTA member to provide Technical, Engineering, & Programmatic support services to DOE/NNSA.

ISO 9001:2015 Certification for Total Quality Management.

Our Difference

Our greatest strength is the experience and qualifications of our **HSEEP Trained team**. Nearly all of our subject matter experts are former members of Federal or State/local agencies with crisis management experience. Our experts have also conducted numerous successful counterterrorism (CT)/WMD-CT investigations and operations worldwide, including WMD incident response operations and planning.

Get Started

Connect with our experts to learn more about our services and to see how we can help your organization be better prepared.

Exercise & Training Development

Our **HSEEP Trained** experts work with you to identify strategic goals and objectives that guide the design and development of your personalized exercise production cycle, conduct exercises, evaluation, and improvement planning phases of your exercise events.

Innovative Approach

Tailored Preparedness Solutions

Emergency Preparedness Planning

Our experts can develop emergency operations plans and derivative action plans that provide foundation for the reduction of risk associated with all-hazard threats before, during, and after an incident.

Planning for Before Incidents

- Threat and Hazard Identification & Risk Assessments
- Hazard Mitigation Plans
- Natural Disaster Management Plans
- Capital Improvement Plans

Planning for During Incidents

- Continuity of Operations (COOP, Continuity of Government (COG))
- Business Continuity (BC) Plans
- Comprehensive Emergency Management Plans (CEMP)
- Pandemic, Mass Casualty, and Mass Fatality Plans
- Standard Operating Procedures (SOPs)
- Emergency Operations Plan (EOP)
- Shelter & Mass Care Plans
- Crisis Communications Plans

Planning for After Incidents

- After Action Reports & Improvement Plans
- Disaster Recovery Plans
- Gap Analysis
- Resource Prioritization & Allocation Strategies
- Consequence Analysis
- Root Cause Analysis
